Sherwood Community Development Department Work Continues

While the Sherwood Community Development Department, comprised of Planning, Building, Engineering, and Economic Development, has closed its counter to the public, rest assured that we are still very much open for business. Our team of quality and dedicated staff are still working behind the scenes, to ensure that we are still able to receive and process permits. We are here via phone and email to answer your questions and address your needs. Applications and permits are still being accepted and processed! We encourage emailing the application documents where feasible but will have drop boxes available for on-site submittal. Payment will be coordinated after the application is submitted. Permits will be issued by appointment only.

Thank you for your understanding as we focus on our staff health as well as the health of the general public.

Building: 503.625.4226; Building@SherwoodOregon.gov

Engineering: 503.925.2309; Engineering@SherwoodOregon.gov

Planning: 503.625.4208; PalmerE@SherwoodOregon.gov
