

SKATE PARK COMMENTS

COLLECTED AT THE FEBRUARY 5, 2018 OPEN HOUSE

1. I think a cover over the park would be nice and lights, maybe also a water fountain.
2. Looking at the layout, it should be designed of more flat rails and skateboarding obstacles. Some of the ramps and kickers are looking like it's bike or scooters interest.
3. We should make fundraisers and maybe help build the park too!
4. I am excited for the skate park to be built. I can't believe the skate is close to the YMCA.
5. I really want the skate park so I don't have to go to the Newberg skate park.
6. Thank you for making this a priority. It has been a lagging project for so long, it is great to have forward momentum again. See it through and be advocates for the children and families in this community!
7. Please Please start building it now. I have 2 boys who are huge scooter riders and we desperately need a skate park here. Us poor mums hate having to drive to other cities for our boys to have some fun.
8. The design looks great! Love all the proposed landscaping and picnic benches. I would request that the park remain open either until curfew or at least the same hours as other parks in Sherwood... allowing older kids to remain later than some of the younger kids. Thanks for all the hard work and please contact me if there are ideas for raising funds.
9. We need a skate park! Please and thanks...
10. My family is excited and encouraged that the community is considering this opportunity. Our youths need this park and would use it.
11. Can we have more cookies?
12. It would be awesome to have a local skate park because we are never able to ride anywhere and it would be awesome if you could finish it as fast as possible. Thanks
13. Don't change a thing (including the location) I love it
14. I would love a skate park because it would help me and other kids get better and help us better. Skate parks are awesome. Please build one.
15. Cool place to put it. It will be noticeable.

16. My one son is an avid scooter and BMX rider and is constantly beffing me to take him to the Tualatin or Newberg skate parks. We really need one in our hometown here in Sherwood ASAP! Even when my son is grown, the future kids can still enjoy! Let's do it! Make it happen Sherwood! We appreciate!
17. When we ride in Old Town people cuss at us and threaten to call the cops, so we would love a skate park
18. I think the skate park should be built because it will give a ton of kids a place to go to skate and hangout and it needs lights and a drinking fountain also a cover so we can ride all year.
19. Such a great addition to the community. Great exercise and creative thinking for young children. Love it!
20. I want this skate park because I am always getting kicked out of places and a skate park would give me a legal place to ride so I don't get in trouble.
21. No scooters, this is a skate park!
22. Hi, My name is Wes, I attend Sherwood High. I am in favor of the skate park, because I see it as a positive force in an utterly bland suburban community. Let's face it Sherwood doesn't have a lot to offer. I feel like with a skate park, we could offer a bit more for the Sherwood Community.
23. YMCA parking lot is already full
Parking lot lighting is poor
We need additional senior parking where the proposed park is located
How would the Y staff monitor skate park users
How will Y staff be expected to perform functions of their job inside facility if they are expected to render aid outside.
24. I am really looking forward to this skate park. I have never lived near a skate park and think it would be great to have one. I have wanted to skate more frequently but all skate parks are far away. Thank you for this amazing chance!
25. Open from dawn to dusk. Not YMCA hours.
