City of Sherwood Residential Rebates

A High Efficiency Toilet can save you water and money. For example, replacing a 3.5 gpf toilet with a 1.28 gpf WaterSense® toilet could save as much as 4,000 gallons per year. For a family of 4, that could add up to nearly \$75 in savings each year.

The Alliance for Water Efficiency web site has MaP testing of popular toilet models lists that will give you performance ratings for most toilets to help you make an informed decision. Go to: www.a4we.org

The average American family washes almost 300 loads of laundry each year. Families can cut their related energy and water costs just by purchasing a clothes washer that's earned the ENERGY STAR. Go to www.energystar.gov

Residential High-Efficiency Toilet (HET) Rebate \$40 Each, Limit 2 Per Household

Residential Washing Machine Rebate \$50, Limit 1 Per Household

Eligibility Requirements

- Applicants must be a City of Sherwood residential customer with a current water account in good standing.
- Rebate(s) will be credited to your City of Sherwood utility account.
- Customer can take advantage of each rebate one time per account.
- Applicants must live in a single-family residence where the City water meter serves one dwelling unit.
- Applications must include a copy of a proof of purchase receipt from a retailer or plumbing company that specifies the **purchase date, purchase price, manufacturer and model number** and a completed City of Sherwood application.
- Rebates are for new products only. Pre-existing products are not eligible.
- The total rebate per item will not exceed the receipt amount.
- The application must be received by the City of Sherwood within 90 days of purchase date.
- Prior to approval, an on-site inspection may be required by the City of Sherwood.
- Please allow 2-4 weeks for processing.
- Rebates are on a first-come, first-serve basis.
