**Re: Notice of Upcoming Construction Activity  
SW Sunset Blvd and SW Pine St Sanitary Sewer Extension**

**Mayor**  
Krisanna Clark

Dear Home Owner/Resident,

**Council President**  
Jennifer Harris

**SW Sunset Blvd:** The City is installing approximately 190' of new sanitary sewer mainline in order to provide access to the City sanitary sewer system for residents who currently are unable to access the City sewer services.

**Councilors**  
Renee Brouse  
Linda Henderson  
Dan King  
Jennifer Kuiper  
Sally Robinson

**SW Pine St:** The City is installing approximately 420' of new sanitary sewer mainline and replacing approximately 210' of existing sanitary sewer mainline that doesn't meet current standards. The new installation will provide access to the City sanitary sewer system for residents who currently are unable to access the City sewer services.

**City Manager**  
Joseph Gall, ICMA-CM

**Assistant City Manager**  
Tom Pessemier

We anticipate construction to begin in May with a completion date of late June to mid-July 2016. The City will post a more detailed project schedule once a contractor has been selected.

Due to the location and nature of the work, please anticipate that access to your property may be affected and may even be unavailable for short periods of time. It will be part of the contractor's work to inform and coordinate with neighbors when access will be limited or unavailable. Please reference the map on the back of this sheet to view the project limits.

We appreciate your patience during the construction period. Should you have any questions, please do not hesitate to contact Bob Galati, P.E at (503) 925.2303 or [galatib@sherwoodoregon.gov](mailto:galatib@sherwoodoregon.gov).
