Proposal: The owner of the Pacific Family Dental office building owns two lots adjacent to each other. The office building is on one lot, and there is currently a single-family home and several outbuildings on the second lot. The owner would like to provide additional parking for his office building on a portion of the lot that contains the single-family residence. Both properties are zoned General Commercial (GC), and public or commercial parking is an outright permitted use. This proposal is a request for site plan approval to construct a paved parking lot on the northeast corner of 22065 SW Pacific Highway and maintain the existing home.
