

Brookman Sewer Line Project

Please Join Us for an Open House

Wednesday January 31, 2024

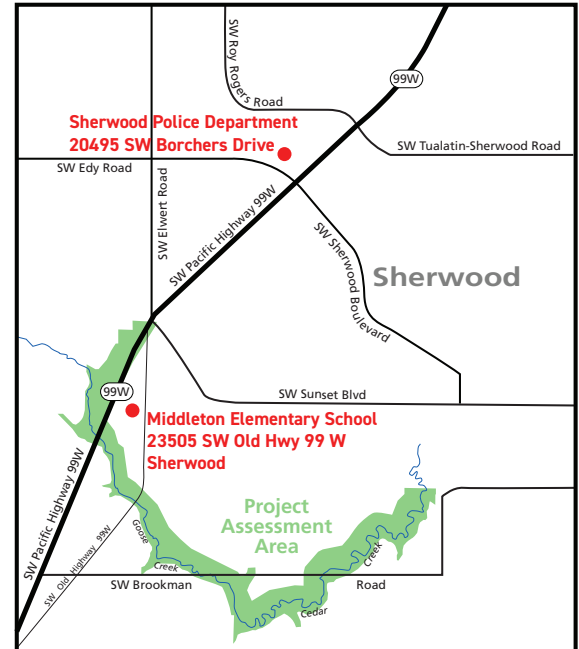

6-7:30 p.m.

Drop in to talk and get an update about the Brookman Sanitary Sewer Project with staff from the City of Sherwood and Clean Water Services. This sewer will provide a permanent sewer connection for the new Sherwood high school. It will also provide for future growth in the Brookman, Sherwood South, and Sherwood West planning areas. At the 2023 open house, we presented a route segment that located the sewer within Brookman Road, roughly from Middleton Road to Oberst Road. Because the soil in Brookman Road is not great for deep sewer construction, there have been changes to alignment. Permitting and design begun in 2023 and construction will begin in 2024.

Meeting location:

Middleton Elementary School
23505 SW Old Highway 99 W, Sherwood

If there are any questions, please contact Daniel Rittatore at RittatoreD@CleanWaterServices.org
