Chair Rosener asked Doug Scott to lead the discussion. Mr. Scott referred to the June 16, 2026, City Council work session discussion on the Cultural Arts Commission's recommendation and said he asked for the item to be removed from the consent agenda so he could vote against the resolution. He stated he was not in favor of the "S" design with a hat that was on the medallions and said that it could be interpreted

as a City logo. He said he supported the artwork within the medallions. Center for the Arts Manager Chanda Hall said the Cultural Arts Commission considered the Council discussion from the work session and said this was a different medium and would not include the City's logo in any form. She stated the consensus and recommendation of the Cultural Arts Commission was the medallions served a different purpose and were not an appropriate place for a City logo. With no further discussion, the following motion was stated.
